

### 1.4.1

Institution obtain feedback on the Overall Performance of the institution from the following stakeholders –

1. Students
2. Teachers
3. Employers
4. Alumni

### ACTION TAKEN REPORT

NAAC	YEAR-2022-2023
Criterion <u>1</u>	
Sub-Criterion <u>1.4.1</u>	
Proof format <u>Paf</u>	
Revision <u>DVV - R1</u>	
	
Dr. Sudhir Chavan (Principal)	

## SUGGESTIONS &amp; ACTION TAKEN REPORT

	<u>SUGGESTION</u>	<u>ACTION TAKEN</u>
<b>STUDENTS</b>	Arranging More field visits and hands on workshop for better practical knowledge about construction, etc.	Site visits will be arranged for every topic at individual level of students, those will be planned & arranged by students only.
	Conducting more seminar, guest lectures- exposure to new architects/technology/current architecture scenario, etc.	Every year a mega event is arranged where seminars & hands on workshops takes place.
	Conducting counselling lectures or having counsellor in college would be very helpful for dealing with the workload and stress. it'd also be a helping hand for the ones having any mental health issues	Counsellors will be arranged in case of any issues.
	Make students take risk; Prevent them from sticking to the safe side and experiment in the fields they are interested in i.e. Designing, structural etc	Design problems & structural problems are always designed such a way, that students can crack them on their own with teachers help.
<b>TEACHER</b>	Outdated aspects of subjects such as building construction & technology should be revamped and advanced knowledge can be incorporated.	All the assignments for technology subjects are designed as per advanced knowledge requirement.
	Green building criteria need to be incorporated in SPPU syllabus for Architecture.	Such kind of topics will be introduced as per the assignments for individual subjects.
<b>EMPLOYER</b>	MEP lectures and give them lectures on Revit software which get opens more opportunity after B. Arch.	Revit & same other software will be introduced.
	Students should be able to correlate building services, construction, materials with their designs	Design subject has to be checked by other services, technology faculties also.
<b>ALUMNI</b>	More sustainable landscape practices should be encouraged.	OK
