# DESIGN FEST

As per SKNCOA's philosophy of "Conserving the limited natural resources for the future generations", students have explored Urban Studies through collage activities of regional planning, urban planning & urban design scales. Various levels of Urban Planning Challenges were explored through collage activities and they have created maps, audio clips, video clips of same. Socio Economic, cultural aspects, housing typologies, expression of public open-spaces are documented under Elective, further the same study is analyzed in Research In Architecture (RIA). Under RIA qualitative and quantitative analysis and its presentation techniques are integrated in the work.

## SAAD School Outreach Programs

Awareness initiatives about the architectural profession should be created & developed within all the layers of the society. With this understanding to reach a diverse set of people & age groups, SAAD school outreach programs were initiated. Schools are the best places to reach students from different socio-cultural, regional, economic background, etc. SAAD has worked out a model where school students, their parents, school teachers, SKNCOA's entire team works in collaboration to reach a wider audience for creating social awareness & promotion about architecture.

Society for Architecture & Allied Disciplines

Smt. Kashibai Navale College of Architecture is a growing and changing demands of the society are shaping the future of the built environment and architects play an important role in this process. SKNCOA has been started with the objective of bringing forth well educated and informed architects equipped with ultra modern skills who can take up the task of visualizing and designing for the human habitat with confidence and integrity.

At SKNCOA we have formulated Society for Architecture and Allied Disciplines (SAAD) an informal forum where in Architecture and Allied disciplines collaborate for societal benefit. Under SAAD interdisciplinary exchange of academic, professional, and industry-based ideas from allied fields, and complementary fields of architecture are encouraged. SAAD as a forum is actively involved in creating awareness about art, craft, and architecture amongst society and young minds through creative activities in rural and urban areas. Yearlong small activities, events and workshops of SAAD culminate into annual convention and "SAAD Gaurav Puraskar".
