**Activity 1 – Ganapati Architectural backdrop design**

As shown on the left are the sample images of Hands on workshop competition outcome. These explorations will be done by the students and they will understand the basic design 2D and 3D elements and principles. Understanding of scale, proportions, colour schemes and orientation towards architectural form generation will be the take away from this activity. Activity will be conducted in a group of 03 students. So 08 groups per division. Approximate size of the backdrop shall be 1' X 1' X 1'6" (L X B X H)

The basic materials like materials for base, structure, decorative papers, will be provided by S.K.N.C.O.A.

**Activity 2- Corner installation design with Dahi Handi theme**

This will be a group activity with 16 students per group. Students are supposed to create an innovative corner installation on the theme of Dahi Handi festival. Students will be given a corner measuring

3' X 3' X 7' (L X B X H). They can come up with creative ideas which will give them a glimpse into architectural and interior space designing.

**Day 02 : Campus Visit of School students at S.K.N.C.O.A. in 17 October 2023**

In this visit 11<sup>th</sup> and 12<sup>th</sup> standard school students were introduced by the Senior Faculty at S.K.N.C.O.A. regarding the profession of Architecture and the process to pursue the same. The students were given a conducted Tour of S.K.N.C.O.A. Campus and the Permanent Exhibition displaying works of Architectural students of both U.G. and P.G. Department. Written and digital (in the form of videos) Feedback from the school students was taken.

**B. Event Outcome:** This event helped S.K.N.C.O.A. expand its social outreach and create awareness among the school students for yet another year. They understood Architecture in conjunction with Culture and festivals. They learn the principles of Basic design as well as space making. School students gained the perspective of looking at architecture as a professional course, how to apply for it, pursue architecture, opportunities after graduation etc. They also gained insights into how vast the education field is and they need to think about the courses they are interested in pursuing. Inter-disciplinary approach among various hierarchical levels of education system and importance of collaborative events was also understood by students and faculty of both, S.K.N.C.O.A. and RMD Sinhgad Springdale Public School, Warje, Pune.
