

Key Indicator: 7.2- Best Practices

7.2.1 BEST PRACTICES

7.2.1: Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual

BEST PRACTICE 1 – EXPOSURE TO CO-CURRICULAR ACTIVITIES TO BOOST ACADEMIC PERFORMANCE OF STUDENTS

1. Title: Exposure to Co-Curricular Activities Alongside Academic Curriculum for Enhancing Student Understanding

2. Objective: To provide holistic learning by integrating co-curricular activities with academics, fostering creativity, critical thinking, teamwork, and professional growth.

3. Context: Co-curricular activities like exhibitions, tech-fests, design fests, and research conferences complement academic learning, enabling students to apply theoretical knowledge in practical, collaborative settings. These engagements prepare students for real-world challenges, encouraging innovation and professional development.

4. Practice:

- **Annual Exhibition:** Showcases students' academic projects, promoting peer learning and constructive feedback.
- **Tech-Fests & Design Fests:** Include competitions, workshops, and lectures for hands-on experience in innovative design and technology.
- **Research Conferences:** Provide platforms for presenting research, fostering academic rigor, and networking with industry experts.
- **Workshops & Seminars:** Enhance practical skills and keep students updated on industry trends.

BP 1	Educational Aspects	Co-curricular Activities conducted to encourage students & foster their academic performances
	Design Fest/Tech Fest	Design Fest 23-24 for Fo. Y B. Arch.
	Research Conference	Rethinking the Future: International Conference – Jan 2024
	NASA	Participation details in AY 2023-24- 66 th Annual NASA Convention
	Workshops	<ul style="list-style-type: none"> • Hands on workshops during induction program • NEP workshop
	Participation in various competitions	<ul style="list-style-type: none"> • COA Thesis Awards • Live Design Project Participation • Campus level Graffiti competition

5. Evidence of Success: Improved project quality, award-winning performances, and enhanced skills in creativity, critical thinking, and collaboration. These outcomes are evident in students' portfolios and professional growth.

6. Challenges: Balancing academics with co-curriculars requires careful planning, funding, and active student participation. Collaboration with industry and incentives can address these challenges.

The institute fosters an open and transparent educational environment, emphasizing teamwork and setting benchmarks aligned with global practices.

Criterion 7- Institutional Values & Best Practices

Key Indicator: 7.2- Best Practices

7.2.1 BEST PRACTICES

7.2.1: Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

BEST PRACTICE 1 – EXPOSURE TO CO-CURRICULAR ACTIVITIES TO BOOST ACADEMIC PERFORMANCE OF STUDENTS

	REPORTS ON FOLLOWING EVENTS & ACTIVITIES	
BP 1	Educational Aspects	Co-curricular Activities conducted to encourage students & foster their academic performances
	Design Fest/Tech Fest	Design Fest 23-24 for Fo. Y B. Arch.
	Research Conference	Rethinking the Future: International Conference – Jan 2024
	NASA	Participation details in AY 2023-24- 66 th Annual NASA Convention
	Workshops	<ul style="list-style-type: none">• Hands on workshops during induction program• NEP workshop
	Participation in various competitions	<ul style="list-style-type: none">• COA Thesis Awards• Live Design Project Participation• Campus level Graffiti competition

1. BEST PRACTICE 1 – EXPOSURE TO CO-CURRICULAR ACTIVITIES TO BOOST ACADEMIC PERFORMANCE OF STUDENTS

1. Title: Exposure to Co-Curricular Activities Alongside Academic Curriculum for Enhancing Student Understanding

2. Objectives of the Practice:

- To provide a holistic learning experience by integrating co-curricular activities with the academic curriculum.
- To enhance students' practical skills, creativity, and critical thinking through diverse co-curricular engagements.
- To foster a sense of community, teamwork, and leadership among students.
- To offer platforms for students to showcase their talents and research, promoting professional growth.

3. The Context:

The architectural curriculum benefits significantly from co-curricular activities that complement academic learning. Co-curricular activities such as academic work exhibitions, tech-fests, design fests, and research conferences provide students with opportunities to apply their theoretical knowledge in practical, creative, and collaborative settings. These activities help students understand the real-world implications of their studies, encouraging them to think innovatively and develop professionally.

4. The Practice:

Planning:

The integration of co-curricular activities is systematically planned by the faculty before the academic year begins. Activities are aligned with the academic curriculum to ensure they complement and enhance learning outcomes.

Implementation:

- **Annual Exhibition:** Students present their academic projects, allowing them to showcase their work to peers, faculty, and industry professionals. This exhibition promotes peer learning and constructive feedback.

- **Tech-Fests and Design Fests:** These events involve competitions, workshops, and guest lectures, providing students with hands-on experience in cutting-edge technologies and innovative design practices.

- **Research Conferences:** Organized to offer students a platform to present their research, these conferences foster academic rigor and professional networking.

Students engage with contemporary architectural debates and receive feedback from experts.

- **Workshops and Seminars:** Regularly conducted on various topics, these sessions enhance practical skills and provide insights into the latest industry trends.

5. Evidence of Success:

The success of this practice is evident in the improved quality of student work, as seen in their portfolios and project presentations. Participation in tech-fests, design fests, and research conferences has led to numerous awards and recognitions, boosting students' confidence and professional profiles. Additionally, students have demonstrated enhanced creativity, critical thinking, and collaborative skills, reflecting positively on their overall academic performance.

6. Problems Encountered and Resources Required:

- **Coordination and Scheduling:** Balancing academic workload with co-curricular activities requires meticulous planning and coordination among faculty and students.
- **Resource Allocation:** Adequate funding and resources are needed to organize high-quality events and activities. Securing sponsorships and collaborations with industry partners can mitigate this challenge.
- **Student Engagement:** Encouraging all students to participate actively in co-curricular activities can be challenging. Offering incentives and highlighting the benefits of participation can improve engagement.

7. Notes (Optional):

Our institute believes in leading by example and setting achievable targets aligned with global practices. By fostering an open work culture and ensuring transparency in defining the academic curriculum and evaluation methods, we aim to create an enriching educational environment. Teamwork and collaboration are the cornerstones of our approach, driving the success of both academic and co-curricular initiatives.

Day 1:Monday, 29th January 2024		
10:00 a.m. - 10:05 a.m	Welcome Note	Prof. Yogita Pandit
10:05 a.m. - 10:15 a.m	Introduction of STES / SKNCOA / SAAD	Prof. Ravindra Rahigude
Inauguration Ceremony		
10:15 a.m. - 10:30 a.m	Introduction of Principal	Dr. Sudhir Chavan Principal SKNCOA
	Address By The Principal Sir	
10:30 a.m. - 11:00 a.m	Introduction of The Chief Guest	Prof. Abhay Purohit, President COA
	Address By The Chief Guest	
11:00 a.m. - 11:30 a.m	Introduction of Key note Speaker	Ar. Surekha Ghogale, Aga Khan Agency for Habitat,Geneva
	Address By The Key note Speaker	
Session 1 : Dr. Parag Narkhede , Prof. Ravindra Rahigude		
11:45 a.m. - 01:30 a.m	Urban Water-Energy-Food Nexus at a Household Level	Ar. Pornima Buddhivant
	Wind Farm: Relative Perceptions and environmental factors in development of energy landscape in Dhule fringe	Mansi Patil
	Rethinking the Urban Delimitations of Indian Railway Networks	Ar. Shubhra Pande
	Study of Façade Material and Shading Device of Commercial Buildings in the Process of Urbanization. (Case of Pune)	Prajakta Bhaganagare
	Beyond the Crossroads: Evaluating Walkability factor in Bangalore's Evolving Landscape	Ar. Anusha S
	Adapting Softwares in Undergraduate Architectural Course - A Study	Mr. Parag Pramod Ramdin
	Understanding the role of built environment for Child Centric Health Care	Aaisha Zahid Shaikh
Lunch Break (1:30 p.m. - 02:00 p.m.)		
Session 2 : Dr. Harpreet Seth, Prof. Anagha Deosthale		
02:00 p.m. - 04:00 p.m	Role of redevelopment in creating sustainable urban environments for metropolitan cities: Case of Mumbai city	Shraddha Kelji
	Empirical investigation of Housing in Rajasthan	Ratika Chandawat
	Analysis of Daylight and Architectural Configuration in an Educational Building	Prerana Paralikar
	The Traffic and Circulation issues in Vegetables and Fruit Market (Case of Baramati)	Pooja Kailas Kharade
	To study the playing spaces for children of age 7-12 in urban residential areas (Tambenagar area in Baramati town)	Priti Waman kulkarni
	Redefining the Public Marketplaces	Ar. Justin Joseph Fernandes
	Role of Computational design in compression free-form structures	Om Gade
End of Day 1

International Research Conference

RE-THINKING THE FUTURE **UN-LEARNING AND LEARNING**

Organised by,

STES's SMT. KASHIBAI NAVALE COLLEGE OF ARCHITECTURE

&

SOCIETY FOR ARCHITECTURE & ALLIED DISCIPLINES (SAAD)

On 29th & 30th January, 2024

RE-THINKING THE FUTURE UN-LEARNING AND LEARNING

ABOUT THE CONFERENCE

“What we choose today will shape the life of Tomorrow”

At present, world is facing unprecedented challenges in the urban and rural areas. Its adverse effects can be seen in natural disasters, climate change and pandemics. It has affected public health, food securities causing economic and social disruption. These issues have placed millions of livelihood at great risk. During these challenging times to address these consequences and calamities we need to align research works with Sustainable Development Goals (SDGs) in delivering meaningful progress for the humanity.

Sinhgad Technical Education Society's Smt. Kashibai Navale College of Architecture (SKNCOA) Pune, India have organized this **International Conference** in alignment with the issues related nurturing natural and technological resources sustainability. Society for Architecture and Allied Disciplines (SAAD) subsidiary of SKNCOA encourages inter disciplinary research related humanities, technology, art and architecture.

This conference have made an attempt to address the above issues by providing a common platform for researchers, academicians, professionals and students by promoting an integrative research approach.

This proceeding is the compilation of all the research papers submitted & presented in this conference.

RE-THINKING THE FUTURE UN-LEARNING AND LEARNING

ABOUT STES & SKNCOA

Mission for excellence

Under the visionary guidance of Prof. M.N.Navale, **Sinhgad Technical Education Society (STES)** has flourished as one of the flag bearers of change in education field, developing an “Can Do” spirit & helping young generation to contribute and shape the density of modern India. It provides quality education equipped with state of art infrastructure industry participation, in-house intellectual capital for students over India & abroad.

Established in 2015, **Smt. Kashibai Navale College of Architecture (SKNCOA)** have a vision statement as:

“Excellence in professional education to create architects sensitive towards nurturing natural and technological sustainability”

Our **Mission** at SKNCOA is to have **Inter-disciplinary outlook**, **Promote research**, have **Professional & Human centric approach with Social mindfulness**.

We work with a **Philosophy** of -

“Conserving the limited natural resources for the future generations”

ABOUT SAAD

SAAD in Marathi means, “a call”. Each living being on this planet is in rhythmic synchronization with the different seasons of nature. SAAD is an organization which is based on the similar vision to create symbiotic relation between Architecture and its allied fields.

SAAD is a platform to expand the knowledge base, spread awareness of the inquisitive research work carried out in the fields of architecture & allied discipline.

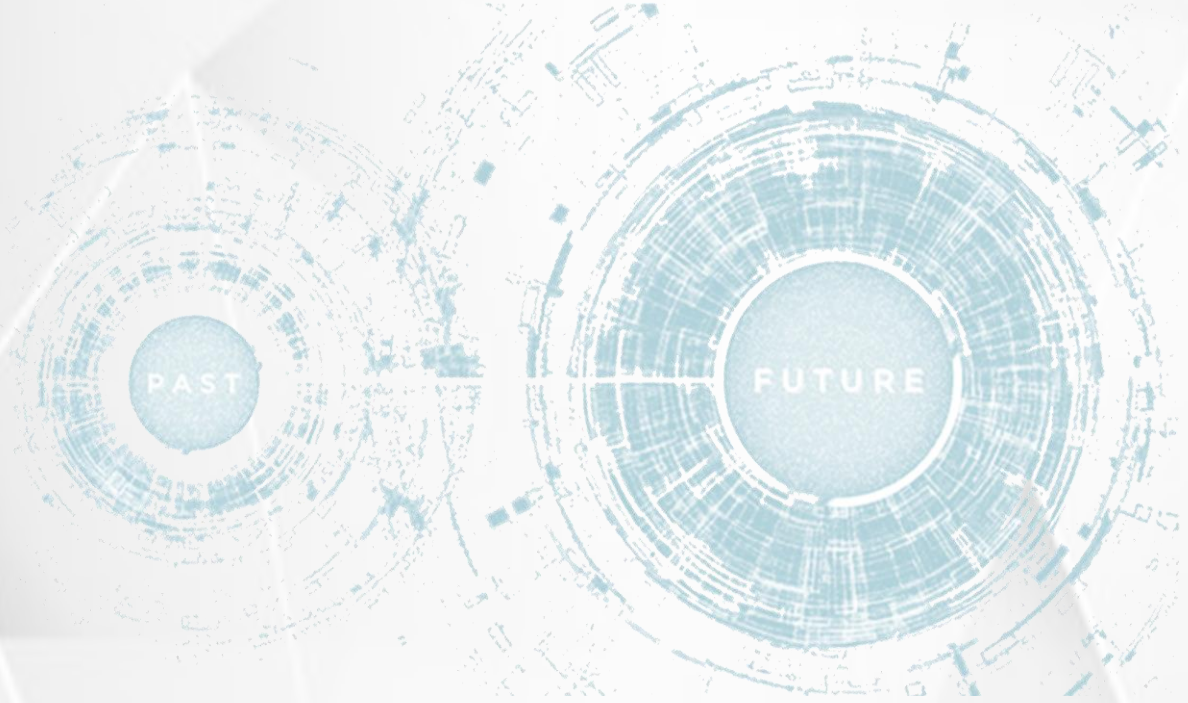

At 'SAAD':

We Believe in the Power of Coming Together

We can Strengthen each other to excel personally & professionally

Academicians, professionals, students of architecture and allied fields can Share, Support, Acknowledge & Develop Research

5. CONCLUSION

PROJECT INTRODUCTION :

We are seeking a creative and sustainable design solution for an interactive space to be constructed using waste generated during the construction of our building project. This project aims to demonstrate our commitment to sustainability, innovation, and community engagement.

As our selected site is near the college campus thus creating an interactive space which will be used by various target groups .

Project Goals:

Sustainability: Create an environmentally friendly and sustainable space that highlights the reuse of construction waste materials.

Community Engagement: Design an interactive space that encourages community involvement, education, and awareness about sustainability.

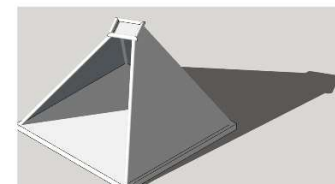

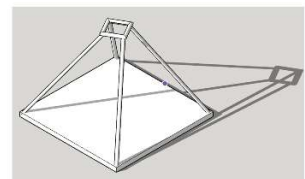

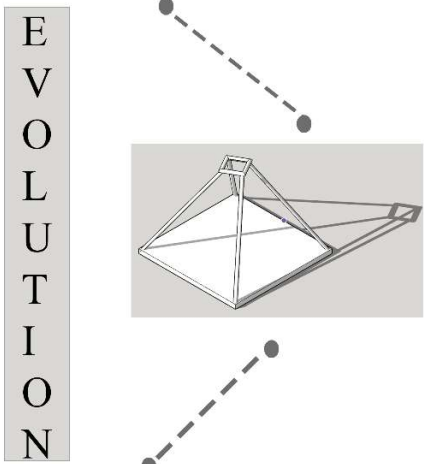

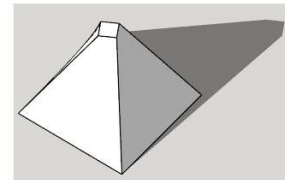

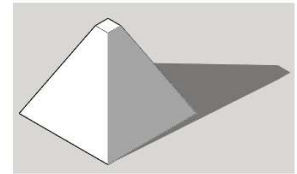

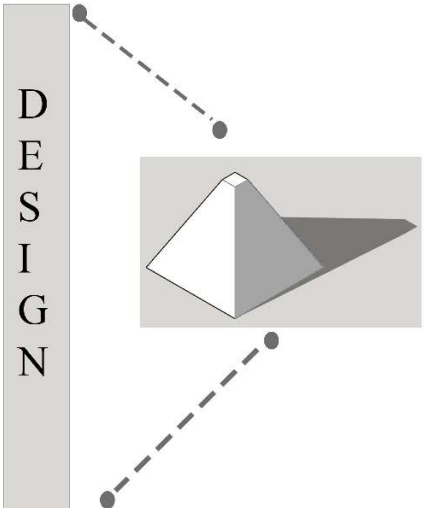

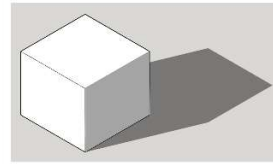

Innovation: Showcase innovative construction techniques and design elements.

Functionality: Develop a space that can be used for various community activities, workshops, and events.

Aesthetics: Create an aesthetically pleasing and visually appealing space that aligns with our organization's values.

Objective:

- to create an architectural design which showcases the potential of utilizing pre-used, discarded or waste material in a new building
- to raise public awareness about building sustainably through functional efficacy, resource frugality and sensory appeal of the design.
- to demonstrate the above attributes through an actual built example which can be used, experienced and emotionally engaged with by the common public.

ABOUT OUR DESIGN

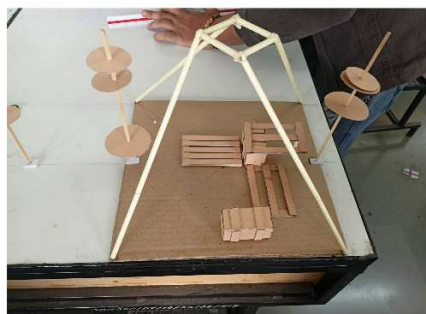

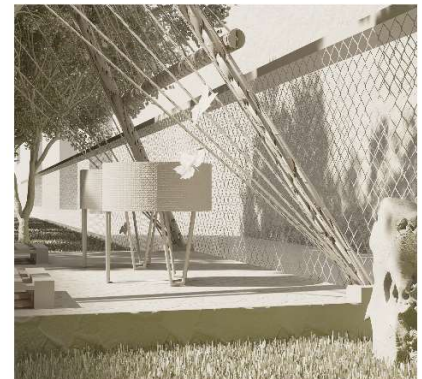

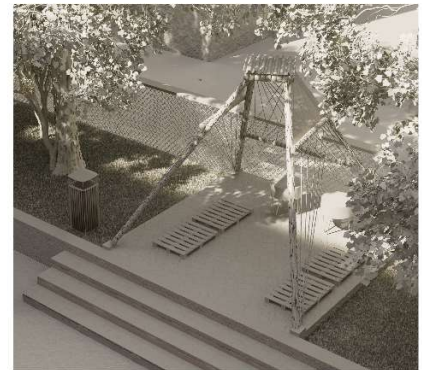

The goal of this project is to make a place that shows off sustainable design and waste management in the construction industry. So, we created a spot on college and school grounds to teach students and visitors about it as well as enjoy and connect with the space.

The spot fits around 6-7 people and is partly covered with jute ropes and broken pvc pipes, all nicely finished so it works for covering most of our structure's top part. For the bottom part, we poured concrete blocks right onto the ground, making a solid foundation that'll last for many seasons.

This spot will entertain and educate visitors on how recycling and reusing materials can be good while also promoting eco-friendly ways to build .

Turning waste into any kind of space or useful thing not only helps cut down on construction waste but also contributes to the betterment of environment.

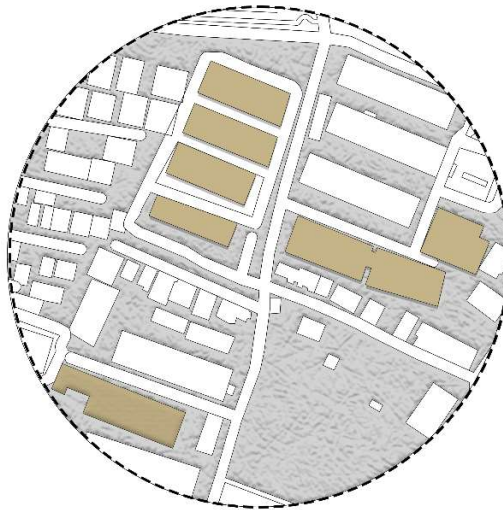

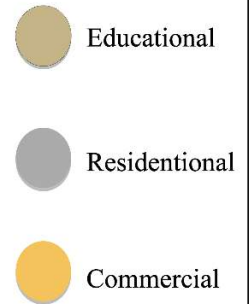

Having a interactive space like this near college and school make a good impact.

LOCATION

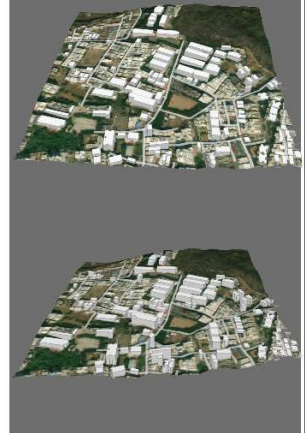

LEGEND

IMPRESSIONS IN THE CONTEXT OF THE LAND

- 1.High traffic density
- 2.Chaos
- 3.Insufficient cycle path
- 4.Village settlement and campus
- 5.Uncontrolled traffic
- 6.Small road width as compared to traffic
- 7.Moderate urbanization

Once we figured out how to create and understand the model for the interactive space, our main focus was sorting out the materials. We made a list of all the materials needed for construction. Our main goal was to use construction waste materials. So, we narrowed down our choices to these specific materials. Grey Pvc Pipe ,Rope ,Bamboo ,Cement,Tiles ,Steel bars ,Paint buckets .

With this in mind, our team set off on a scavenger hunt to find all the necessary construction waste materials. We hit up scrap shops, under-construction sites, recently finished buildings, hardware stores, even people's personal houses – anywhere we could get our hands on what we needed. We managed to collect things like leftover cement bags, steel bars, tiles and bamboo from building sites; paint buckets and ropes from scrap shops; and some odds and ends from hardware stores that had no use for them. And that's how we gathered all the material required for building this interactive space.

Reused harden concrete blocks by further crushing it so that it can be converted into PCC layer. Bars of 12 mm thickness which were wasted on the construction site were retrieved and casted into stools for strengthening as well as acts as legs.

Jute is used for binding the bamboo together for the main structure. Further used for jali pattern created for making an encloser for the structure.

Bamboo is used as main structural component. By binding them together and casted into PCC bed at bottom. which was also brought from the construction site itself.

TAKEAWAY:

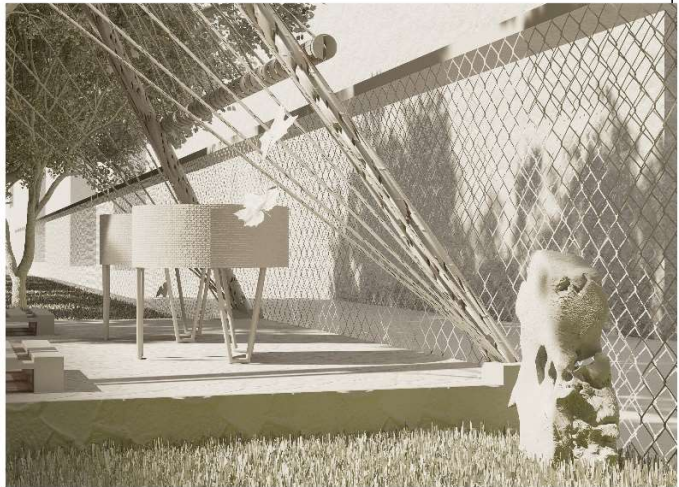

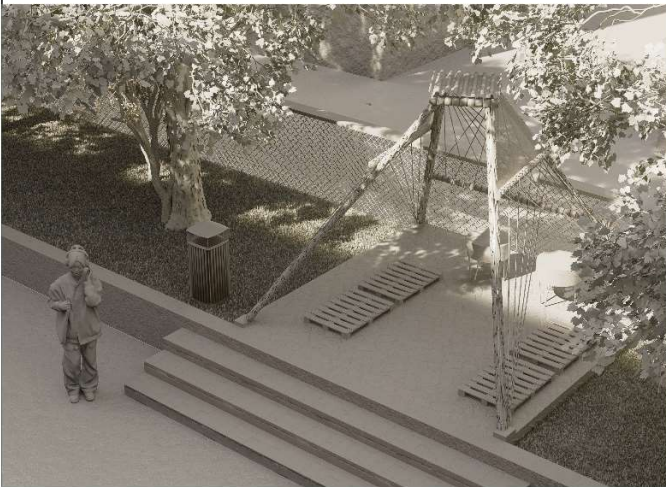

The takeaway from an interactive place created using building construction waste is the potential for sustainable transformation. It showcases that waste can be repurposed into meaningful and engaging spaces, highlighting the importance of recycling and environmentally responsible practices in construction. This initiative encourages us to rethink our approach to waste management and construction, inspiring us to find creative solutions to reduce our environmental impact while enriching our communities. It serves as a valuable reminder that with innovation and commitment to sustainability, we can turn challenges into opportunities and build a greener, more interactive future.

CONCLUSION:

In conclusion, the transformation of building construction waste into an interactive place represents a remarkable fusion of sustainability, innovation, and community engagement. This innovative approach not only addresses the pressing issue of construction waste management but also provides a vibrant and dynamic space for people to enjoy and learn from. By repurposing waste materials creatively, we not only reduce our environmental footprint but also redefine the possibilities of urban spaces. This interactive place serves as a testament to the power of sustainable thinking and collaboration, offering a glimpse into a future where waste becomes a valuable resource and our cities thrive as both eco-friendly and interactive hubs for all to cherish.

Workshops (B.Arch & M.Arch)

NEP WORKSHOP

STES' Smt. Kashibai Navale College of Architecture, arranged a session on "New Education Policy- 2020 and its Implications on Architectural Education" by expert guest speaker Ar. Pushkar Kanvinde. on 28th August, 2023.

श्रीमती काशीबाई नवले कॉलेज ऑफ आर्किटेक्चर नवीन राष्ट्रीय शैक्षणिक धोरण संदर्भातील कार्यशाळेचे आयोजन

■ राष्ट्र संचार न्युज नेटवर्क

पुणे : सिंहगड टेक्निकल एज्युकेशन सोसायटी च्या अंतर्गत असलेल्या, श्रीमती काशीबाई नवले कॉलेज ऑफ आर्किटेक्चर या संस्थेने नवीन राष्ट्रीय शैक्षणिक धोरण 2020 या संदर्भातील कार्यशाळा दिनांक 28 ऑगस्ट 2023 रोजी आयोजित केलेली होती. या कार्यशाळेसाठी आर्किटेक्ट पुष्कर कानविंदे यांना या क्षेत्रातील तज्ज्ञ म्हणून आमंत्रित करण्यात आले होते. या कार्यशाळेमध्ये सावित्रीबाई फुले विद्यापीठ पुणे व इतर मान्यता प्राप्त विद्यापीठांचे शिक्षक वर्ग ऑनलाईन आणि ऑफलाईन या पद्धतीने सामील होता. या कार्यशाळेमध्ये केंद्र सरकारने 2020 मध्ये तयार केलेले नवीन शैक्षणिक धोरण आणि त्याचा शालेय शिक्षण, महाविद्यालय आणि उच्च शिक्षण यावर होणारा परिणाम यासंदर्भात हे चर्चासत्र आयोजित केले होते. या कार्यशाळेच्या सुरुवातीस कानविंदे सरांनी सर्व शिक्षकांना नवीन शैक्षणिक धोरण समजावून सांगितले त्यासोबत त्यांचा

वास्तुशास्त्राच्या शैक्षणिक धोरणावर असलेला परिणाम याचा आढावा घेत त्यांनी यातील अनेक बारीक-सारीक पैलू उलगडून दाखवले. कोन्सिल ऑफ आर्किटेक्चर या मान्यताप्राप्त संस्थेबरोबर विद्यार्थ्यांना जर आपले नामांकन करायचे असेल तर सध्याच्या धोरणाप्रमाणे कोणत्याही विद्यार्थ्याने बारावीला पाच वर्षांचा कालावधी लागतो. या प्रवेश प्रक्रियेमध्ये जर रसायनशास्त्र, भौतिकशास्त्र, गणित अथवा इतर तांत्रिक विषय घेऊन बारावीचा अभ्यासक्रम पूर्ण केल्यानंतर अथवा पदविका प्राप्त केलेले विद्यार्थी सुद्धा सहभागी होऊ शकतात. वरील पाच वर्षांचा मान्यता प्राप्त विद्यापीठाचा अभ्यासक्रम पूर्ण केल्यानंतर विद्यार्थ्यांना त्यांच्या विद्यापीठाच्या पदवी परीक्षेच्या गुणवत्तेवरती

कोन्सिल ऑफ आर्किटेक्चरच्या सूचीमध्ये विद्यार्थ्यांची नोंदणी होते आणि त्यांना नोंदणी क्रमांक प्राप्त होतो. असा हा सुटसुटीत आणि सोपा उपक्रम आहे. नवीन शैक्षणिक धोरणाप्रमाणे, विद्यार्थ्यास कमीत कमी 200 ते 220 क्रेडिट जमा करणे आवश्यक आहे यातील सुमारे 120 ते 132 क्रेडिट पदवी अभ्यासक्रमामध्ये संपादन करणे आवश्यक असून, उरलेले 80 ते 88 क्रेडिट पदव्युत्तर अभ्यासक्रमामध्ये संपादन करणे आवश्यक आहे. ही प्रक्रिया पूर्ण करण्यासाठी विद्यार्थ्यांना दहावीनंतर सात वर्षांचा कालावधी आणि बारावीनंतर पाच वर्षांचा कालावधी लागणे अपेक्षित आहे या कालावधीच्या दरम्यान विद्यार्थ्याने दोन वर्षांच्या विद्यसायिक अनुभव घेणे अपेक्षित आहे.

Key Indicator: 7.2- Best Practices

7.2.1 BEST PRACTICES

BEST PRACTICE 2 – VISION MISSION BASED- WHOLISTIC DEVELOPMENT OF STUDENTS

1. **Title:** Encourage Participation of Students in Extra Curricular and Social Concern Activities to promote wholistic development of the students based on the Vision-Mission of the institute.

2. **Objectives:** At SKNCOA, we aim to promote holistic student development, aligned with our vision: "Excellence in professional education to create architects- sensitive towards nurturing natural and technological sustainability".

- Developing skills in time management, teamwork, critical thinking, and public speaking.
- Providing opportunities for students to engage with peers sharing similar interests.
- Enhancing student confidence and fostering positive self-esteem.
- Offering productive breaks for students to explore their passions.

3. The Context

The pressure of academic excellence and technology-driven routines often stifles creativity, but extracurricular activities help students discover and nurture their unique talents, fostering holistic development.

4. The Practice

The institute fosters holistic student development through SUSANWAD council, cultural events, and SAAD forum, promoting talent, sustainability, and professional growth via curricular and extracurricular activities.

NSS activities:

- Pledge for Cleanliness
- Rally for Cleanliness awareness
- "Say NO to Plastic" drive
- Voter's Registration drive
- Blood Donation Camp
- National Unity Day celebration
- Indian Constitution Day celebration

GREEN CLUB Activities

- Nirmalya Collection
- Tree Plantation
- Say NO to Plastic drive

SAAD OUTREACH PROGRAMS

- SAAD school activities

SAAD ANNUAL EVENT

Concluding event for the activities held in the Academic year along with-

- SAAD Gaurav Puraskar
- School level competition winner felicitation

5. Evidence of Success

Students in extracurriculars show improved academic performance, character, and social growth. They gain skills in leadership, teamwork, persistence, and problem-solving, handling failure positively. These attributes benefit their studies and prepare them for professional success.

6. Problems Encountered and Resources Required

Balancing extracurriculars and academics is vital. Our institute emphasizes moderate involvement, managing class disruptions, timely submissions, and resource constraints to ensure effective participation without compromising academic performance or well-being.

Criterion 7- Institutional Values & Best Practices

Key Indicator: 7.2- Best Practices

7.2.1 BEST PRACTICES

7.2.1: Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

BEST PRACTICE 2 –VISION MISSION BASED- WHOLISTIC DEVELOPMENT OF STUDENTS

Title: Encourage Participation of Students in Extra Curricular and Social Concern Activities to promote **wholistic development** of the students based on the **Vision-Mission of the institute.**

Sr. No.	Content	Details
1	Description of best practice 2 in 200 words	Description
2	Institute's vision-mission	Summarized Poster
3	NSS activities: <ul style="list-style-type: none">• Pledge for Cleanliness• Rally for Cleanliness awareness• Say NO to Plastic drive• Voter's Registration drive• Blood Donation Camp• National Unity Day celebration• Indian Constitution Day celebration	Relevant Activity Reports

- **BEST PRACTICE 2 – VISION MISSION BASED- WHOLISTIC DEVELOPMENT OF STUDENTS**

1. Title: Encourage Participation of Students in Extra Curricular and Social Concern Activities to promote wholistic development of the students based on the Vision-Mission of the institute.

2. Objectives of the Practice

At Smt. Kashibai Navale College of Architecture, we are committed to fostering the holistic development of our students in alignment with our **vision statement**: "Excellence in professional education to create architects- sensitive towards nurturing natural and technological sustainability."

Our curriculum and extracurricular activities are designed to instil a deep understanding of sustainable practices, both natural and technological, in future architects. By integrating cutting-edge technology with a strong emphasis on environmental stewardship, we aim to produce graduates who are not only skilled professionals but also conscientious global citizens dedicated to sustainable development.

Encouraging students to participate in activities outside of the classroom deepen their social and intellectual growth. Extracurricular activities are those activities that are not the components of the academic curriculum but still are an integral part of the educational environment. These activities offer students the opportunity to apply academic skills in a real-world context, and are thus considered part of a well-rounded education.

Objectives

1. Inculcate important skills that include time management, teamwork, critical thinking, and public speaking
2. Offer an opportunity to the students to interact with others having similar interests.
3. Boost confidence and create Positive self-esteem in students
4. Provide Productive Breaks to students to pursue their Passions

3. The Context

Today, the mounting pressure of proving academic excellence coupled with technology dominated education & recreation has made Students lose interest in hobbies and other enrichment activities.

It's good for students to concentrate on academics but it also results in stress and boredom. When students indulge in rote learning through books only, it leaves no place for developing thinking skills. Academics is typically an acquired flair; however, every person is gifted with a special talent. But not many can truly recognize it. Extracurricular activities encourage students to bring out their talent and give it wings in the right direction.

4. The Practice

Institute believes in student's all-round development. Art & architecture cannot be isolated. Skills & hidden talents are foundations of basics of aesthetical build. Perception to acquire this knowledge of looking at any art form is developed by various hobbies.

Keeping this in mind institute has formed students' council named as **SUSANWAD** from day of establishment.

The council is being elected by voting & different heads of portfolios are in it. The purpose of this council is to bring forward hidden talents & hobbies of students.

We perform many activities of curriculum & extra curriculum (academic/ hobby) financed by parent body STES & institute.

Sinhgad Karandak for cultural & league sports are well-known all-over state of Maharashtra for its scale, grand participation, live coverage, variety of cultural & sports. Fashion show is one special highlight. Architecture being pioneer in winning the same.

For overall development of students, we encourage them & arrange various activities such as cultural, sports, festival celebrations. This helps in generating energy & helps rejuvenate them enhancing their educational journey.

Apart from STES activities, Students are encouraged to **participate in various competitions, workshops and other activities** conducted by government and non-government organisations. The college supports them by giving flexibility in curriculum and sometimes financially to some extent if required.

The single point of contact between **Alumni and Institute**, offers our alumni a host of services that helps them keep in touch with their batch mates and also keep them updated on campus happenings.

To engage students in activities that promote sustainability, we have created the forum **SAAD - Society for Architecture and Allied Disciplines**.

SAAD in Marathi means "A CALL..."

It is a call for Architecture & its Allied disciplines to come Together and envision a Healthy and sustainable Future for the generations to come. Various activities are undertaken by SAAD throughout the year and students are encouraged to actively participate in them.

5. Evidence of Success

Students who participate in extracurricular activities demonstrate higher levels of academic achievement, greater character development, greater social development and a greater sense of the importance of community involvement.

Through organized games, students learn to follow instructions. They learn to listen to instructions and apply them to achieve a desired outcome.

Students also learn the importance of persistence and motivation. They understand that accomplishing goals often requires focus and hard work. They also learn goal setting and problem solving.

These acquired skills get applied towards their academic curriculum and results in more involvement in their work and better grades.

It has been observed at our institute that students involved in extracurricular activities almost never skip classes or shirk academic work.

It is also observed that these students can handle failure better. They develop some positive habits and skills that help them to overcome failure and turn it into a more positive experience. In fact, they use failing as a way to learn and improve.

The qualities of Leadership and teamwork acquired through extracurricular activities benefit the students not only during their college days but throughout their life after they step out into the professional field.

6. Problems Encountered and Resources Required

There is no denying the importance of extra-curricular activities in a student's life; however, Involvement in too many activities may result in an overloaded schedule and involvement in too few may result in missed opportunities.

It's important for your student's mental and physical wellbeing to find a healthy balance between extra-curricular activities and academic work. Our institute believes that a moderate number of activities (about two) may provide a perfect setting to learn skills, find one's place, and maintain enough time to focus on academic work.

Avoiding clashes of other activities with class time is sometimes not possible, but even if an extracurricular session needs to fall during class time, there's still a lot to consider such as:

- A student's preference on which class to disrupt
- Not disrupting the same class on a regular basis
- Subject wise Timely submission of Student's Work
- Upcoming assessments and exams
- Availability of transport options

There are a few other factors which need to be managed effectively for ensuring proper conduction of activities as well as student participation. These include financial implications, Space constraints, expert availability, staff availability and seamless inclusion in the academic calendar.

7. Notes (Optional)

Society for Architecture & Allied Disciplines - SAAD

SAAD in Marathi means a 'call'. It holds different meanings in various. Each living being on this planet is in rhythmic synchronization with the nature.

SAAD is a forum formed by SKNCOA which is based on the similar vision to create symbiotic relation between Architecture and its allied fields.

SAAD is a professional association driven to, S-support, A-assist, A-acknowledge and D-develop research.

At, 'SAAD' we believe in the power of coming together as a community to strengthen each other to excel personally & professionally, for a better tomorrow. 'SAAD' welcomes all the academicians, professionals, UG and PG students of architecture and allied fields, to share, support, acknowledge and develop their research, and have lifelong learning's.

Another important vision of 'SAAD' is to create awareness within students of primary and secondary standards, by undertaking various hands-on activities, interactive assignments, which are age appropriate. As per the school sections, interesting assignments will be designed, imparting information and knowledge about Architecture profession in a fun filled way.

Objectives:

- i) To encourage regional & international academicians, professionals and students to interact and learn.
- ii) To recognise outstanding contributions of individuals & organisations both.
- iii) To organise lectures, conferences, seminars and competitions for self and community development.

“Indian Constitution Day”

DATE: 26th Nov, 2023

DAY: SUNDAY

VENUE: NSS Room SKNCOA

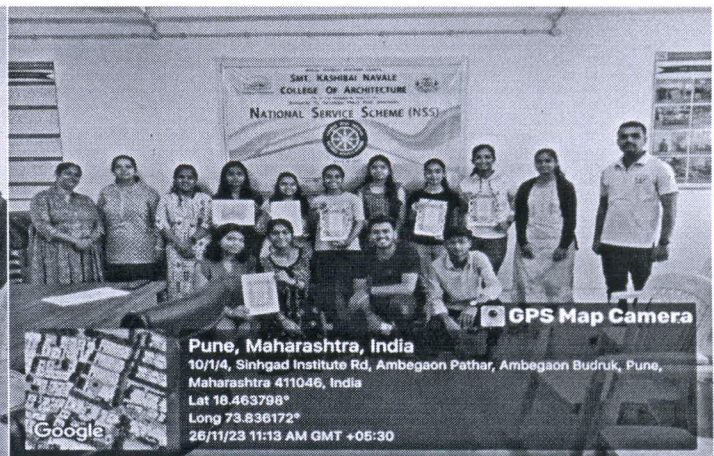

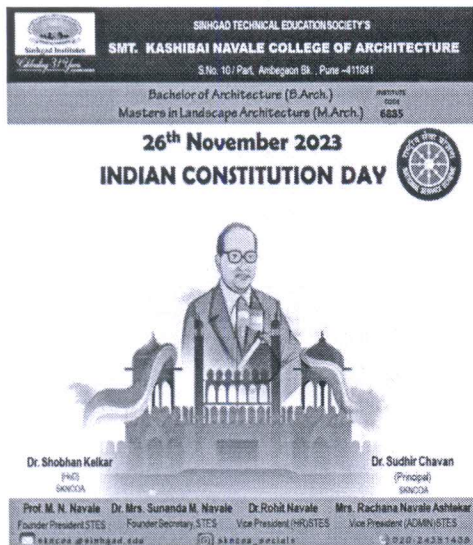

ATTENDEES: NSS Volunteers.

ORGANISED: National Social Service (NSS) department by SKNCOA,
Ambegaon, Pune.

NSS Code: A-SF215

National Service Scheme department of Smt. Kashibai Navale college of Architecture has celebrated Indian Constitution Day on 26th Nov. 2023. The students of National Service Scheme created awareness among all the students about Indian Constitution in the college premises and also read the preamble of the Indian Constitution.

The Research Cell was established in SKNCOA to promote, monitor and address research activities. Objective of the Cell is to monitor and administer Research programs for faculty and students and encourage them to have rational approach in their academic activities.

Objectives of Research Cell

- To create and promote a culture of research among the faculty, students and staff
- To organize various workshops/ seminars/ trainings related to promotion of research
- To enhance the research output of the institute by research paper publication in referred journals and reputed conferences
- To publish research material in appropriate media and to make available such published information to the end users.
- To keep track and record of publications made by the faculty
- To publish an ISSN/referred research journal of the college on annual basis.
- To assist institutions in improving teaching learning environment with the help of Action Research

SAAD is a platform to expand the knowledge base, spread awareness of the inquisitive research work carried out in the fields of architecture & allied discipline.

SAAD ANNUAL CONVENTION 2023-24 Event Report

The intent of this ANNUAL CONVENTION is Recognition, appreciation and felicitation as motivational initiatives conducted for yearlong activities by S.K.N.C.O.A. under SAAD. These gestures of appreciation create lasting impressions and encouragement for the participants of SAAD events. Researchers, Industry experts, eminent academicians, School students with their parents, school teachers, are brought on the same platform and felicitated at Annual SAAD event to strengthen the social connection and outreach initiatives.

The event began with Introduction about STES, SKNCOA and SAAD by Ar. Ravindra Rahigude. It was followed by the Saraswati Vandana and welcome address by Dr. Shobhan Kelkar.

Session 01- Felicitation of Chief Guests and special guests

Guest felicitation of chief guests, Ar. Laxman Thite, Mr. Anirudha Badve, Dr. Prachi Pargaonkar, Dr. Surekha Chavan was done by Dr. Shobhan Kelkar Ma'am. Special guests like Dr. Surekha Chavan – GSI PC, Prof. Harish Kulkarni – Director, Sienna Institute, Mrs. Suvarna Gokhale – Member, Jnana Prabodhini Trust, Mr. Mohan Katkar – Ex.Sarpanch, Grampanchayat Adawali was done by Prof Neha Masalekar and Prof. Ravindra Rahigude.

Above : Felicitation of Chief guests and special guests and welcome address by Prof. Ravindra Rahigude Sir.

Session 02 - SAAD GAURAV AWARDS 23-24

SAAD GAURAV AWARD 1 – MR. VIJAY LIMAYE

For exceptional contribution in sustainable initiatives SAAD GARAV PURASKAR was awarded to Mr. Vijay Limaye. His research and work on manufacturing alternative fuel for cremation rights as compared to wood, to save cutting of trees has helped in creating a sustainable and conservation approach. “Moksha Kashtha” as alternative fuel manufactured from the agricultural waste also reuses waste adding to the sustainability of the project.

Above : Mr. Vijay Limaye Receiving award by the hands of Mr. Anirudha Badve

SAAD GAURAV AWARD 2 – DR. SUDHIR CHAVAN

For contribution to the field Architectural academics Dr. Sudhir Chavan, Principal SKNCOA was awarded with SAAD GAURAV PURASKAR 2023-24.

Being a Phd. Holder in Architectural Conservation, Post Doctorate in cultural landscapes, double post-graduation in Architectural conservation, Business Management his journey in educational field is remarkable. He also has written text books on Research in Architecture etc. He is also advisory board member of various institutes, universities etc.

Above : Dr. Sudhir Chavan Receiving award by the hands of Ar. Laxman Thite.

Session 03 : Inaugural Session of SKNCOA Alumni Cell and MIMAMSA

SKNCOA Alumni cell was formally inaugurated by the hands of Ar. Laxman Tithe. SKNCOA Alumni Cell President Ar. Dhanraj Patankar and Secretary Ar. Kimay Lalwani were felicitated during the event. Alumni cell logo was unveiled by the dignitaries. The Alumni cell logo was designed by Ar. Deven Shahane.

Above : Alumni Cell President Ar. Dhanraj Patankar and Secretary Ar. Kimay Lalwani were felicitated.

MIMAMSA a cell on Architectural Conservation was formed and officially inaugurated during the event. The Aim and objectives of MIMAMSA were elaborated by Prof. Yogita Pandit as active member of the team. A short introduction and some of its upcoming events were mentioned.

Above : Inauguration of MIMAMSA Cell with Team members felicitation.

Session 04

Book Publication of SAAD – Jiwhala Issue – 2022-24 & Rethinking the Future 2024 – Publication on International Conference Proceedings.

A book compilation of SAAD Activities conducted during the Academic years 2022-2024 were published as part of SAAD Documentation practice. The book was designed by Ar. Priyanka Ghate with student co-ordinators Sakshi A. Misal and Vaibhavi Pawar.

Above : SAAD Jiwhala Issue 2022-24 Book Publication.

Publication of International conference proceedings was designed by Ar. Suraj Kocheta and Ar. Shruti Dudhane. Authors of the best papers were felicitated during the event.

Above : SAAD Jiwhala Issue 2022-24 Book Publication.

Session 05

Graduation ceremony of short term course under Saad initiative

Graduation ceremony of short term courses of Sienna Institute and geriatric society of India pune chapter was conducted on the occasion of annual convention of Saad. Various educational and complementary activities undertaken during the year 2023-24 under the joint presence of Saad concluded with the graduation ceremony at the annual Saad convention. In this academic year Sienna institute conducted Landscape Management certificate course for students of SKNCOA and Senna institute in collaboration for better learning experience. Geriatric society of India pune chapter and SKNCOA jointly implemented some design projects for elderly care and self-reliance. A short term course on Medical Architecture for the elderly was conducted for the students of SKNCOA. As completion of this short term course, Dr. Surekh Chavan, Secretary GSI Pune Chapter, presented convocation certificates to all the students.

Session 06

Appreciation of design competitions for school students under Saad initiative.

In the year 2023-24, under the organization Saad, school students were introduced to architecture as a professional course and carrier preference. Some hands on design competitions were conducted in couple of schools namely RMD Sinhgad Springdale School, Warje and Adawali Zilla Parishad School, Velhe, Pune. The school principal and winner students of these activities were felicitated during the Saad event. The entire program showed satisfaction and happiness on the faces of school children from rural and urban areas.

SAAD: SOCIETY FOR ARCHITECTURE & ALLIED DISCIPLINES

STUDENT OUTREACH PROGRAM

SAAD in Marathi means "A CALL. It holds different meanings in various contexts.

Like the onset of spring calls for an abundance of food.

The Call of Birds can be soothing and inspiring, but birds sing for more than just the beauty of it.

Birds use song and call notes to communicate with each other. Communication is the Key Factor that ensures each living being on this planet is in rhythmic synchronization with each other as well as with different seasons of nature.

SAAD is an organization that is based on a similar vision to encourage communication and create symbiotic relationships between Architecture, its allied fields, and the society at large.

AIM:

SAAD aims to serve as a platform to expand the knowledge base, and spread awareness of the extraordinary research work carried out in the fields of architecture & allied disciplines.

Annual Convention 2023-24

SAAD

Society for Architecture & Allied Disciplines

Smt. Kashibai Navale College of Architecture is a growing and changing demands of the society are shaping the future of the built environment and architects play an important role in this process. SKNCOA has been started with the objective of bringing forth well educated and informed architects equipped with ultra modern skills who can take up the task of visualizing and designing for the human habitat with confidence and integrity.

At SKNCOA we have formulated Society for Architecture and Allied Disciplines (SAAD) an informal forum where in Architecture and Allied disciplines collaborate for societal benefit. Under SAAD interdisciplinary exchange of academic, professional, and industry-based ideas from allied fields, and complementary fields of architecture are encouraged. SAAD as a forum is actively involved in creating awareness about art, craft, and architecture amongst society and young minds through creative activities in rural and urban areas. Yearlong small activities, events and workshops of SAAD culminate into annual convention and "SAAD Gaurav Puraskar"..

सिंहगड टेक्निकल एज्युकेशन सोसायटीच्या श्रीमती काशीबाई नवले कॉलेज ऑफ आर्किटेक्चर आंबेगाव, पूणे महाविद्यालयातमध्ये 'साद वार्षिक अधिवेशन [2023](#) - [2024](#) (SAAD Annual Convention 2023-2024)दि. 22 मार्च [2024](#) रोजी दिमाखात व जोशपूर्ण उत्साही वातावरणात संपन्न!!

श्रीमती काशीबाई नवले कॉलेज ऑफ आर्किटेक्चर आंबेगाव, पूणे या संस्थेने ऑक्टोबर [2022](#) दसऱ्याच्या दिवशी सुरु केला 'साद' (SAAD- Society for Architecture And Allied Discipline) या उपक्रमाचा वार्षिक स्नेह संमेलनाचा रसिक सोहळा दि. 22 मार्च [२०२४](#) रोजी STES च्या आवारात मोठ्या दिमाखात साजरा करण्यात आला. सरस्वती वंदनेने संमेलनाच्या कार्यक्रमाला सुरुवात करण्यात आली.

" साद' या उपक्रमाच्या अंतर्गत आर्किटेक्चर आणी त्यात संलग्न असणाऱ्या सर्व शाखांचा समन्वय साधणे हा या उपक्रमाचा मुळ

गाभा आहे. या संमेलनास अनेक सन्माननीयांची उपस्थिती होती. यावेळी प्रमुख उल्लेख करण्यासारखे सावित्रीबाई फुले पुणे विद्यापीठाचे उपकुलगुरु श्री .पराग काळकर, पर्यावरण मित्र श्री. विजय लिमये, प्रसिद्ध वास्तूतज्ञ लक्ष्मण थिटे, राष्ट्रसंचारचे संपादक श्री. अनिरुद्ध बडवे, ज्ञानप्रबोधिनी प्रशालेच्या, पर्यावरण रक्षक आणी महिला सबलीकरणासाठी कार्यरत असलेल्या सुर्वणाताई गोखले असे अनेक मान्यवर आणि शिक्षक, शिक्षकेतर कर्मचारी, विद्यार्थी वर्ग या कार्यक्रमास हजर होते. या संमेलनाची सुरुवात STES या संस्थेच्या कार्याच्या तंत्रज्ञान, अर्थशास्त्र, समाजशास्त्र, मानवशाला, भुगोल, इतिहास विभागातील वेगवेगळ्या उपक्रमांच्या आढाव्याने होऊन 'साद' ही संस्था विद्यार्थी आणी समाज यांच्यामधील दुवा या स्वरूपात काम करते. हा दुवा साधण्यासाठी विविध तज्ञ विविध, विविध उपक्रम वर्षभरात राबवते. या उपक्रमांचे नियोजन SKNCOA चे प्राचार्य डॉ. सुधीर चव्हाण, विभाग प्रमुख डॉ. शोभन केळकर यांच्या मार्गदर्शनाखाली केले जाते. हे सर्व उपक्रम सादच्या ध्येय धोरणाशी निगडीत असतात. 'साद' या उपक्रमाचे चार प्रमुख टप्प्यांमध्ये याचे नियोजन केले जाते. पहिल्या टप्प्यात एखादा

प्रश्न अथवा विषयावर चर्चा चिंतन, कामाची दिशा अथवा नियोजन करणे, दुसऱ्या टप्प्यात या प्रश्नावर प्रत्यक्षात जागेवर जाऊन काम करणे, प्रकल्प प्रत्यक्ष राबवणे, त्याचे परिणाम मोज मापा सहित नोंदणे, तिसरा भाग म्हणजे समाज विषयक आणि शैक्षणिक क्षेत्रात विशेष कामगिरी केलेल्या व्यक्तींचा "साद गौरव" पुरस्काराने सन्मान करणे चौथे म्हणजे पुढील वर्षाच्या उपक्रमांचे नियोजन, दिशा ठरवणे.

"साद" या उपक्रमाचा एक भाग म्हणून सन 2023-24 च्या सामाजिक उपक्रमांमध्ये ज्या विविध क्षेत्रातील मान्यवरांनी सक्रिय सहभाग घेतला होता अशा तपस्वी व्रतींचा गौरव करण्यात आला. या मध्ये शैक्षणिक, वैद्यकीय, पर्यावरण, सामाजिक, राजकारण अशा विविध क्षेत्रातील मान्यवरांचा समावेश होता.

श्रीमती काशीबाई नवले कॉलेज ऑफ आर्किटेक्चर महाविद्यालयातील शिक्षक आणि विद्यार्थ्यांनी यात तज्ञांच्या मार्गदर्शनाखाली खाली विविध समाजउपयोगी प्रकल्प प्रत्यक्षात राबवले याची विभागवार उपक्रम क्रमशः खालिल प्रमाणे शैक्षणिक क्षेत्रात डॉ. पराग नारखेडे, डॉ. बनानी बॅनर्जी, डॉ.

प्राची पारगावकर, डॉ. संदिप ताम्हाणे, डॉ. सुरेखा चव्हाण
विविध शैक्षणिक आणि संलग्नित प्रकल्पात सहकार्य आणि
मार्गदर्शन केले. पर्यावरण आणि पर्यावरण संवर्धन या विषयावर
प्रकल्प राबवताना प्रत्यक्ष जागेवर श्री. हरिश कुलकर्णी आणि
ज्ञानप्रबोधिनीच्या सुर्वणाताई गोखले यांनी मार्गदर्शन केले तसेच
विद्यार्थ्यांचा तज्ञांसोबत संवाद घडवून आणला. ग्रामिण जीवन
आणि ग्रामसुधारणा, राजकारण यांचे दुवे अडवली गावाचे
सरपंच श्री. मोहन काटकर यांनी विद्यार्थ्यांना राष्ट्रीय सेवा योजना
शिबिरा अंतर्गत उलगडून दिले. असे विविध क्षेत्रातील तज्ञ यांचा
शिक्षण आणी विद्यार्थी यांच्यातील परीसंवाद यावर्षी सर्वांना बरेच
काही अनुभव देऊन गेला. या सर्व उपक्रमातून 'साद' या
उपक्रमाची खरी दिशा प्रस्थापित झाली आणि भविष्यातील
उपक्रमाच्या नियोजनासाठी हा एक भक्कम पाया तयार झाला.
वरील सर्व मान्यवरांचा सत्कार करण्यात आला.

"साद" या उपक्रमाच्या अंतर्गत देण्यात येणारे 2023-24 साद
गौरव पुरस्कार दि. 22 मार्च [२०२४](#) रोजी STES च्या प्रांगणात
बहाल करण्यात आहे. यावर्षीचा साद गौरव पुरस्कार शैक्षणिक
क्षेत्रांतील उल्लेखनीय कामगिरी केल्याबद्दल श्रीमती काशीबाई

नवले कॉलेज ऑफ आर्किटेक्चर महाविद्यालयाचे प्राचार्य डॉ. श्री. सुधीर चव्हाण यांना आणि सामाजिक क्षेत्रातील उल्लेखनीय कामगिरी साठी नागपुर येथील श्री. विजय लिमये यांना 'साद' च्या ठरलेल्या ध्येय धोरणाप्रमाणे देण्यात आला.

पुरस्काराच्या निवडी साठी साद सोसायटी चे कार्यकारिणी मंडळाची बैठक ,व्यावसायिक आणि शैक्षणिक क्षेत्रातील तज्ञांच्या खास सुचना व निवड प्रक्रियेतून हा सन्मान देण्यात झाला. या सन्मान सोहळ्यात विशेष अतिथी म्हणून सावित्रीबाई फुले विद्यापीठाचे उपकुलगुरु श्री पराग काळकर,आर्कि. श्री. लक्ष्मण थिटे, राष्ट्रसंचार चे संपादक श्री अनिरुद्ध बडवे व ज्ञान प्रबोधिनीच्या सुर्वणाताई गोखले तसेच इतर मान्यवर शिक्षक आणि विद्यार्थी उपस्थित होते. या साद गौरव पुरस्काराच्या मानपत्राचे वाचन SKNCOA च्या विभाग प्रमुख डॉ. शोभन केळकर यांनी केले.

आदरणीय श्री. विजय लिमये सरांनी मागील दहा वर्षांपासून पर्यावरणपुरक अंत्यसंस्कार या क्षेत्रात अमूल्य योगदान दिले आहे. पंचतत्वांनी बनानेले शरीर घेऊन जन्माला आलेला मनुष्य पर्यावरणासोबत जगतो आणि शेवटी त्याच पंचतत्वात विलीन होतो. मात्र आपल्या जीवनप्रवासात कायमच सोवत असलेल्या पर्यावरणाचा न्हास मानवाच्या हातून कळत नकळतपणे होत असतो. या भावनेने आपले सामाजिक ऋण समजून व्यवसायाने अभियंता असूनही काही कल्पना अमलातही आणल्या.

कोणत्याही स्मशानभूमीत प्रत्येक दहनासाठी सध्या पंधरा वर्ष वयाच्या दोन झाडांना जीव गमवावा लागतो हे प्रमाण मर्यादित करणेमाठी आपण मोक्षकाष्ठ' या पर्यायी इंधनाचा विचार केला. कृषी क्षेत्रातील कचऱ्यापासून मोक्षकाष्ठ निर्माण करून त्याचा अंत्यसंस्कारासाठी इंधन माणून वापर करण्याचे सरांचे हे आगळे-वेगळे संशोधन कौतुकास्पद आहे. या पद्धतीने दहन केल्यानंतर तयार झालेली रक्षा, वाया न जाता झाडांच्या मुळात

खत म्हणून वापरता येते. वनस्पतीला लागणारे जवळपास सर्व पोषक घटक या राखेत असतात. याबाबतचे त्यांचे विशेष योगदान दिसून येते, ते स्वर्गद्वार या नागप्रमधील अंबाझरी दहन घाटाच्या सुशोभीकरणाच्या प्रकल्पामध्ये. 'स्वर्गद्वार' हि स्मशानभूमी सुशोभीकरणाची संकल्पना वास्तवामधील एक उल्लेखनीय उपक्रम म्हणावा लागेल. अंबाझरी दहन घाट स्वच्छ आणि सुंदर करण्यासाठी केलेले अतुलनीय प्रयत्न व निसर्गाची कमीत कमी हानी होईल याची घेतलेली दक्षता व स्वर्गद्वाराचे वातावरण प्रसन्न राहावे यासाठी स्मशानभूमीत फुलझाडांच्या लागवडीचा विचार करणे हे खूपच प्रशंसनीय म्हणावे लागेल, तसेच अंबाझरी स्वर्गद्वार येथे एक टन रक्षा सामावेल इतके मोठे रक्षा कलशही आपण उभे केले आहेत, तसे काम करताना पर्यावरणपुरक पद्धतीचे विविध प्रयोग तसेच कचऱ्यातून कला, पुनर्वापर, याचे आदर्श उदाहरण प्रस्थापित केले आहे. नैसर्गिक साधनसंपत्तीचा गैरवापर टाळण्यासाठी जे-जे करावे लागेल ते करण्याचा प्रयत्न व प्लास्टिक पिशव्यांना पर्याय म्हणून कापडी पिशव्या उत्पादन आणि त्या वापरण्यासाठी केलेले जनजागरण यातून लिमये सरांचे पर्यावरण संवर्धनाचे संवेदनशील प्रयत्न

दिसून येतात. Reduce, Reuse and Recycle अर्थात कमीतकमी वापर, पुनर्वापर, आणि पुनक्रिया या नियमांचा आधार घेऊन हरित सृष्टी निर्माण करण्याचा हा उपक्रम म्हणजे नक्कीच पर्यावरण संवर्धनासाठी एक उत्तम उदाहरण आहे. निसर्ग निरीक्षण आणि निसर्ग रक्षणाची बालपणापासूनच आवड जोपासली. अभियांत्रिकीचे शिक्षण पूर्ण करून सर आज विमा सर्वेक्षक आणि मूल्यांकनकर्ता, सरकार मान्यताप्राप्त मूल्यनिर्माकन सनदी अभियंता म्हणून कार्यरत आहेत. इको-फ्रेंडली लिव्हिंग फाऊंडेशन या अशासकीय संस्थेच्या माध्यमातून सरांनी कित्येक कामगारांना रोजगार उपलब्ध करून दिले. "बदला आयुष्याची शैली, मग सापडेल पर्यावरणाची किल्ली" हे घोषवाक्य प्रत्यक्षात अमलात आणणे सरांना उत्तम जमले आहे. या सर्व उपक्रमांची दखल पंतप्रधान कार्यालयाने घेऊन माननीय पंतप्रधान श्री. नरेंद्र मोदी यांनी देखील त्यांच्या भाषणात सरांचा आवर्जून उल्लेख आणि प्रशंसा केली. असे अलौकिक कामगिरी असलेले लिमये सरांचा जीवनाभूव व प्रवास विद्यार्थ्यांना व इतरांना थक्क प्रेरणादायी करणारा आहे.

साद गौरव पुरस्काराचे दुसरे मानकरी ठरले SKNCOA संस्थेचे प्राचार्य माननीय डॉ. श्री सुधीर चव्हाण सर. यंदाच्या वर्षी हा पुरस्कार श्री. सुधीर चव्हाण सरांना त्यांच्या शैक्षणिक क्षेत्रातील उल्लेखनीय कामगिरी साठी प्रसिद्ध आर्किटेक्ट श्री.लक्ष्मण थिटे यांच्या हस्ते प्रदान करण्यात आला.

कला व अध्यापन क्षेत्रात सरांना तीस वर्षाहून अधिक काळ असलेला हा प्रवास खूपच प्रशंसनीय आहे. डॉ. श्री. सुधीर चव्हाण सर हे आर्किटेक्चर मधील उच्च विद्याविभूषित असून

त्यांनी राष्ट्रीय, आंतरराष्ट्रीय परिषदेत आपले आर्किटेक्चर व संलग्न विषयातील संशोधन लेख सादर केलेले आहेत व परिषदांचे आयोजन व पुस्तकांचे लेखनही केलेले आहे. श्रीमती काशीबाई नवले कॉलेज ऑफ आर्किटेक्चर आंबेगाव, पूणे महाविद्यालयात प्राचार्य म्हणून काम करत ते अनेक विद्यार्थ्यांना मार्गदर्शन करत घडवत आहेत. आर्किटेक्चर व्यतिरिक्त त्यांनी बिझनेस मॅनेजमेंट मधील पदव्युत्तर पदवी संपादन केलेली आहे.

सरांची लक्षणीय अध्यापन पद्धती आणि नवीन शिकण्याची उमेद नेहमीच त्यांच्या सहकाऱ्यांना प्रेरणादायी ठरली आहे. भारतातील अनेक वास्तू विशारद संस्था मध्ये सल्लागार, मार्गदर्शक व अभ्यास मंडळाचे सदस्य म्हणून सरांचे योगदान बहुमुल्य आहे. हुशारी, प्रामाणिकपणा आणि कष्ट करण्याची तयारी हे गुण तर सैनिकी शाळेतील शिस्त, समाजकार्याची असलेली आवड, उच्च शिक्षणाची असलेली कौटुंबिक पार्श्वभूमी व शिक्षणाचा असलेला व्यासंग त्यांच्या आजवरच्या अलौकिक कर्तृत्वाची साक्षच देत आहे.

आपल्या कार्यातून आणि साध्या जीवनशैलीतून नेहमीच

विद्यार्थ्यांना व सहकाऱ्यांना प्रेरणादायी असलेले डॉ. श्री. सुधीर चव्हाण सर "साद गौरव" मानपत्र व पुरस्कार स्वीकारताना खूप भावूक झाले होते. अगदी मोजक्या पण मार्गदर्शक शब्दांत त्यांनी मनोगत व्यक्त करत विद्यार्थी व शिक्षकांचे नातेसंबंधांवर प्रकाश झोत टाकला. आजच्या विद्यार्थ्यांचे तांत्रिक नैपुण्य व आगामी काळातील व्यवसायाची गरज ओळखून विद्यार्थ्यांनी ती सर्व कौशल्ये आत्मसात करावीत व यशस्वी मार्गक्रमण करावे असा संदेश त्यांनी दिला.

'साद' अंतर्गत पुस्तक प्रकाशन आणी नवीन उपक्रमांची सुरूवात 'साद' या उपक्रमा अंतर्गत दि. मार्च [2024](#) रोजी काही नवीन उपक्रम जसे की "माजी विद्यार्थी संघटना आणि मिमांसा-सांस्कृतिक वारसा व जतन " या दोन नवीन विभागांची सुरूवात वार्षिक स्नेह संमेलनाचे औचित्य साधून करण्यात आली.

'साद' संस्थेच्या ध्येय धोरणाशी सुसंगत अशा वरील दोन्ही गोष्टी लोक, संस्कृती ज्ञानाची, विचारांची देवाणघेवाण या दृष्टीने राबवण्यात आल्या. SKNCOA चे आजी आणि माजी विद्यार्थी गठबंधन व प्राध्यापकांचा सहभाग असेल. माजी विद्यार्थी संघटनेच्या कार्य कारणी मध्ये आर्कि. धनराज पाटणकर, आर्कि. किमय लालवानी तसेच आर्कि. मेहून मॅन्यूअल यांचा समावेश आहे. मिमांसा या उपक्रमा अंतर्गत सांस्कृतिक वारसा जपणुकीच्या उद्देशाने प्रा. स्वाती तगारे व प्रा. अमोल दहिवतकर विद्यार्थ्यां समवेत विविध समाज उपयोगी उपक्रम भविष्यात

राबवतील असा यामागचा दृष्टिकोन आहे. आजी आणि माजी विद्यार्थ्यांचा समन्वय साधत भविष्यात सर्व विद्यार्थ्यांनी एकत्र येऊन सामाजिक स्तरावर काम करावे हा माजी विद्यार्थी संघटनेचा उद्देश आहे.

SKNCOA आणि "साद" यांच्या संयुक्त विद्यमानाने Rethinking the future - Learning and unlearning झालेल्या या आंतरराष्ट्रीय परिषदेत समाविष्ट असलेल्या शोधनिबंधांचे तर "जिव्हाळा हे साद या उपक्रमा अंतर्गत" पुस्तकांचे प्रकाशन सर्व मान्य वरांच्या उपस्थितीत या संमेलनात करण्यात आले. Rethinking the future - Learning and unlearning हे शोधनिबंधावर आधारित पुस्तक प्रकाशनासाठी प्रा. सुरज कोचेटा यांनी प्रयत्न केले तर जिव्हाळा पुस्तकाचे प्रकाशनासाठी प्रा. प्रियांका घाटे यांनी संपादिका म्हणून काम पाहिले.

साद च्या वार्षिक अधिवेशनाचे औचित्य साधून Sienna Institute आणि geriatric society of India pune chapter . आणि साद यांच्या संयुक्त विद्यमानाने सन २०२३-२४ या वर्षामध्ये घेतलेल्या विविध शैक्षणिक आणि त्याला पूरक असणाऱ्या उपक्रमांची सांगता सादच्या वर्षीकी संमेलनात पदवीदान समारंभाने करण्यात आली. साद या संस्थेच्या ठरलेल्या ध्येय धोरणांमध्ये विविध शैक्षणिक संस्थांमधील विद्यार्थ्यांच्या हितासाठी केल्या गेलेल्या गटबंधाना अंतर्गत या शैक्षणिक वर्षात Sienna या संस्थेने Landscape MANAGEMENT सर्टिफिकेट course राबवला. geriatric society of India pune chapter आणि SKNCOA यांच्या संयुक्त विद्यमानाने वृद्ध लोकांची काळजी आणि स्वावलंबनासाठी काही design प्रकल्प राबवले. या प्रकल्पाची सांगता डॉ. सुरेख चव्हाण यांच्या हस्ते सर्व विद्यार्थ्यांना प्रशस्तिपत्रक आणि पदवीदान करून करण्यात आले.

साद आणि Sienna या संस्थेचा पदवीदान संस्थेचा समारंभ श्री हरीष कुलकर्णी आणि प्रा. नेहा मसलेकर (HOD M.Arch .) यांच्या उपस्थितीत पार पडला.

विविध शैक्षणिक संस्थांच्या सोबत विद्यार्थ्यांना संरचनात्मक काम करण्यासाठी प्रोत्साहन प्रा. डॉ. सुधीर चव्हाण यांचा विशेष सहभाग होता. विद्यार्थ्यांनी या संधीचा पुरेपूर फायदा घेऊन उत्कृष्ट काम सादर केले.

साद या उपक्रमाच्या अंतर्गत शालेय विद्यार्थ्यांच्या कलागुणांचा गौरव.

सन २०२३ -२४ मध्ये साद या संस्थेअंतर्गत शालेय विद्यार्थ्यांना आर्किटेक्चरच्या अभ्यासक्रमाबद्दल माहिती आणि या क्षेत्राचा प्रसार हे उद्दिष्ट समोर ठेऊन विद्यार्थ्यांशी सुसंवाद साधण्यात आला.

साद या संस्थेचा अविभाज्य घटक असलेली रूपरेषा म्हणजे विविध वयाच्या, विविध गटाच्या, शालेय व महाविद्यालयीन

विद्यार्थ्यांशी असलेला कलेची ओळख, संवर्धन या साठी उपक्रमाची सांगता या कौतुक सोहळ्याने झाली. साद संस्थेच्या मार्गदर्शक तत्वानुसार सन २०२३-२४ मध्ये वारजे येथील RMD सिंहगड स्प्रिंगडेल शाळा आणि वेल्हे तालुक्यातील अडवली गावातील जिल्हा परिषदेच्या शाळेत विद्यार्थ्यांच्या कलागुणांना वाव देण्यासाठी SKNCOA या महाविद्यालयाच्या प्राध्यापकांनी काही उपक्रम राबवले होते. यामध्ये विविध निसर्ग संवर्ध, भारतीय संस्कृतीचे आकलन, विद्यार्थ्यांना कलेतून व्हावे हा याचा उद्देश होता.

या उपक्रमास विद्यार्थ्यांचा उत्स्फूर्त प्रतिसाद मिळाला आणि यातील निवडक विद्यार्थ्यांचा प्रशस्तीपत्र देऊन गौरव करण्यात आला. या विद्यार्थ्यांच्या कामाचे कौतुक प्रा. डॉ. सुधीर चव्हाण यांनी केले. या उपक्रमाच्या अंतर्गत ग्रामीण भागातील मुलांनी कॉलेजच्या परिसर आणि तेथील प्रदर्शनाला भेट दिली.

या संपूर्ण कार्यक्रमात ग्रामीण व शहरी भागातील मुलांच्या चेहऱ्यावर समाधान आणि आनंद दिसून आला.

साद या उपक्रमाच्या वार्षिक संमेलनाचा अवसर साधून श्रीमती काशीबाई नवले कॉलेज ऑफ आर्किटेक्चरच्या विद्यार्थ्यांनी सन २०२३-२४ मध्ये विविध क्रीडा आणि शैक्षणिक उपक्रमांचा "साद" या मंचावरून कौतुक सोहळा करण्यात आला. हा कौतुक सोहळा २२ मार्च २४ रोजी सिंहगड टेक्निकल एज्युकेशन सोसायटीच्या आवारात श्री अनिरुद्ध बडवे, दैनिक राष्ट्रसंचारचे संपादक यांच्या हस्ते पार पडला. या कार्यक्रमासाठी इतर अन्य मान्यवरही उपस्थित होते.

यामध्ये पुणे विद्यापीठाचे व्हाईस चॅन्सलर डॉक्टर पराग काळकर, प्रसिद्ध वास्तुरचनाकार श्री लक्ष्मण थिटे, नागपूर येथील प्रसिद्ध पर्यावरण प्रेमी श्री विजय लिमये आणि ज्ञान प्रबोधिनी प्रशालेच्या पर्यावरण आणि इंधन समस्येवर ग्रामीण भागात काम करणाऱ्या कार्यकर्त्या माननीय सुवर्णाताई गोखले यादेखील विद्यार्थ्यांच्या कौतुक सोहळ्यास उपस्थित होत्या. या समारंभात विद्यार्थ्यांना सिंहगड इंस्टीट्यूटच्या "स्प्रिंग फेस्टिवल २०२४" मधील क्रिकेट फुटबॉल सांस्कृतिक कार्यक्रमातील विजेत्या विद्यार्थ्यांना प्रोत्साहित करण्याकरता बक्षिसे देण्यात आली.

वेल्ले तालुक्यातील अडवली या गावात विद्यार्थ्यांचे राष्ट्रीय सेवा योजनेचे ०७ दिवसांचे निवासी शिबीर राबवण्यात आले. या शिबिरांतर्गत विविध सामाजिक, शैक्षणिक उपक्रम घेण्यात आले. या शिबिराचा विद्यार्थी आणि ग्रामस्थांना फायदा झाला. या संपूर्ण शिबिराचे नियोजन प्रो रामदास वसगडे आणि डॉ सुनयना जाधव यांनी केले. या शिबिरास सौ. सुवर्णाताई गोखले यांचे मार्गदर्शन लाभले आणि या सर्वांचा साद अधिवेशनात सत्कार करण्यात आला.

'साद' मध्ये संवेदनशील संकल्पनांचा अविष्कार

श्रीमती काशीबाई नवले कॉलेज ऑफ आर्किटेक्चर आंबेगाव, पुणे संस्थेच्या बत्तीने ऑक्टोबर २०२२ दसऱ्याच्या दिवशी 'साद' उपक्रमास प्रारंभ केला. 'साद' या उपक्रमाचा मुळ गाभा आर्किटेक्चर आणि त्यात संलग्न असणाऱ्या सर्व शाखांचा समन्वय साधणे हा आहे. 'साद' ही संस्था विद्यार्थी आणि समाज यांच्यामधील दुवा या स्वरूपात काम करते. हा दुवा साधण्यासाठी विविध क्षेत्रातील तज्ञांचे मार्गदर्शन आणि विविध उपक्रम राबविले जातात.

'साद' उपक्रम (SAAD - Society for Architecture And Allied Discipline)

• 'साद' या उपक्रमाची स्थापना २०१७ मध्ये झाली. या उपक्रमाचा उद्देश्य आहे की, आर्किटेक्चर आणि त्यात संलग्न असणाऱ्या सर्व शाखांचा समन्वय साधणे हा आहे.
